STARS AND ASAHIS INVITED TO MAUI

(Special Bulletin Correspondence.)
WAILUKU, May 21.—A meeting of the executive committee of the five baseball teams constituting the Maui Athletic League was held at the Wailuku Townhall last Friday evening, for the purpose of arranging the schedule of games to be played during the season of 1912. Those present were W. S. Mountcastle of the Kahului team, chairman; Joaquin Garcia, secretary; M. S. Deponce and J. M. Madeiros, representing Pala team; G. H. Cummings, for the Wailuku Stars; B. H. Rahe and W. Keana, of the newly-formed Camp 1 team, and Dr. M. Oyama of the Japanese Athletic Club. All the above teams were entered for the 1912 series by their respective managers. W. S. Chillingworth was appointed official umpire for the season, while G. W. Maxwell of Wailuku will act as scorer. These two officials will be paid handsome salaries out of the gate receipts, the former receiving \$2 per diem, while the scorer will be paid \$1.25 when all the points earned by each player are noted down in the official record.

The transportation of the respective teams to the grounds and return will be paid by the league. The winning team will be entitled not only to the league cup which will be put up to be competed for by each team, but also to a more lucrative compensation of 30 per cent. of the net profits for first place, while the fifth, or those at the tail end, will be kindly remembered with 10 per cent. All the teams will be rewarded according to their standing in the entire series, provided, of course, that each team has played all the scheduled games.

A motion by Mr. Cummings, that, after the opening of the league games, no player imported from the other islands or from the mainland will be permitted to play unless he has been here for at least a period of thirty days, was put through. Maui boys now attending Honolulu or mainland schools will be considered as Maui boys always, and will not be compelled to enter a period of quarantine in order to qualify. Past experiences render this provision as absolutely necessary, and therefore it was voted upon with both hands up.

Stars Invited.
The secretary was instructed to write to the Stars of Honolulu, inviting them to a game at Wailuku and Kahului on July 4, and also the day after, as has been the custom in former years. These games have always been well patronized by lovers of the great national game in this corner of Uncle Sam's domains. Dr. M. Oyama was likewise appointed a committee of one to communicate with the Asahi baseball team of Honolulu, inviting them to a friendly contest with Maui picked teams during the month of June. The Asahis are well aware of the caliber of the Maui players, and therefore, if they come at all, they are bound to bring along none but first-class material.

The teams entered are as follows: W. S. Mountcastle entered the Kahului team; G. H. Cummings, Morning Stars; J. M. Madeiros, Pala team; Dr. M. Oyama, Japanese Athletic team; B. H. Rahe, Camp 1 team (Spreckelsville).

The Schedule.
The following schedule for the first five games was agreed upon:
May 26—J. A. C. vs. Camp 1; Pala vs. Kahului
June 2—Stars vs. Camp 1; Pala vs. J. A. C.
June 9—Kahului vs. J. A. C.; Stars vs. Pala
June 16—Kahului vs. Camp 1; Stars vs. J. A. C.
June 23—Camp 1 vs. Pala; Stars vs. Kahului

The game at the Wailuku baseball park last Sunday afternoon, between the Stars and Pala, was won by the Stars; score, 10 to 3. G. H. Cummings umpired the game.

SAWED OFF SHORT

Cyrus McCormick, a member of the board of trustees of Princeton University and father of C. McCormick, '12, a member of last fall's champion football team, has presented the football eleven with \$25,000 to construct a memorial for winning the 1911 championship. The fund was not given to the athletic association, but to the 1911 football team in honor of their victories over Harvard and Yale.

A post league is in process of formation at Schofield Barracks. The First Infantry, recently arrived, has some crack ball players, and with teams from the First and Second Infantry, Fifth Cavalry and First Field Artillery, an attractive schedule can be arranged for the summer months. The Second Infantry league has proved a big success.

The receipts for the Wolgast-Ritchie bout are said to have been in the neighborhood of \$3000. Of this amount, Ritchie drew down something like \$500, while 50 per cent., or \$1500, went to the champion for his services. So far as Ritchie is concerned, it proved to be a good investment, just the right kind of advertising.

Runners and bikers who expect to take part in the Haleiwa race are in strict training now. The hard grind requires hard preparation, and some of the enthusiasts are spending all their spare time on the roads.

Charles Rossi, alias Sylvio Marchesini, an accountant, aged 38, was arrested in New York for the murder of a girl in 1907.

DIVERSIFIED FARMING SUCCEEDS

Diversified farming, on a more systematic basis than has heretofore been attempted in Hawaii, is likely to be given a thorough try-out by the settlers who recently took up homestead lots in the government's Kuiaha-Pauwela tract, near Haiku, says the Maui News. The land was selected because it was known as first-class pineapple land, and most of the homesteaders will probably make this crop their main one—at least at first. But the excellence of numerous miscellaneous crops which have been produced in the neighborhood makes it quite certain that an attempt will be seriously made to grow, in a systematic way, a part of the large amount of truck farm products required to supply the Honolulu market, and which are for the most part brought from California at the present time.

The land was only taken up last February, consequently few of the settlers have yet had opportunity to get established, and to get ground broken. A number, however, are already on their lands, and more will take possession personally within the next few months. They are fortunate, though, in having a sort of demonstration farm already well under way, the results from which are considered exceedingly encouraging by those who have studied it.

This farm is the homestead of W. R. Patterson, who has been on his land for nearly a year. Besides having about fifteen acres already planted in pineapples, Mr. Patterson has devoted several acres to general experimental farming, and from this small area is not only supplying his own table most bountifully with a generous variety of vegetables, but is marketing a considerable quantity in Wailuku.
